

**Declaration about Contamination of Test Sieves, Test Sieve Shakers, Samples, Screen Frames or Screens**

Test sieves or test sieve shakers can only be repaired and/or serviced and screen frames only be re-screened, if they are sent in with a **safety sheet** describing the materials that have been in contact with the test sieves, test sieve shakers, screen-frames or screens.

The sender may submit the following **declaration of safeness** when sending in his goods.  
**This declaration must be filled in and signed by authorized persons only.**

For further treatment of the goods sent in we need the following information:

- Are there any risks for persons and environment? Yes  No
- Are there any safety measures or codes of practice to be observed? Yes  No
- Behaviour in case of danger and first aid
- Proper disposal

Please give us information, whether the following materials have been in contact with the product:

- Materials with MAK- or TRK-value Yes  No
- Carcinogenic products Yes  No
- Genetically dangerous products Yes  No
- Products changing genetic make-up Yes  No
- Skin receptive products Yes  No
- Products with sensitizing result Yes  No

**Pollutants that have been in contact with the test sieves, test sieve shakers, screen-frames or screens**
